Chapter 290, §14(E) states disconnection of a residential customer's basic service must occur between 8:00 a.m. and 3:00 p.m. on the disconnection date specified in the notice or during the effective period of the notice. Disconnection may not occur on a Friday, weekend, legal holiday, any other day when the ETC or the Commission is not open for business, or on the day before any day when the ETC or the Commission is not open for business.

The purpose of this bulletin is to notify utility staff of the closure days and the fact that they must refrain from disconnecting customers' basic telephone service on the state closure days and on the days before the state closure days. Please contact me if you have any questions.
